Prices f.o.b. Gresham, Oregon—No Packing Charges

All stock guaranteed true to name and up to grade or money refunded.
However, we will not be responsible for more than the purchase price.

Terms: Cash or one-fourth down, balance C.O.D.

Location of Nursery

Our main nursery and packing house is located one mile east of the city center of Gresham on Powell Blvd., thirteen miles east of Portland, "The City of Roses."

Grading

We observe the American Association of Nurserymen rules in regard to grading roses. A No. 1 must have three canes, two of which are 18 inches in length (climbers 24 inches); a No. 1½, two or more 15 inch canes; a No. 2, two or more 12 inch canes. This set of regulations applies to most varieties but an exception is made of two inches per cane on a few of the lighter growing sorts. All others are classed as liners, which, when planted early in spring, will make good saleable stock for the following year.

Packing

We pack light, but right. All our packing is done in pasteboard containers to save on transportation costs. Roots of plants are liberally packed in damp shingle-tow or peat moss to insure safe arrival at destination. In the case of rosebushes the packed weight per plant is approximately ½ lb., ⅓ lb., ¼ lb., for No.'s 1, 1½, and 2 respectively. We will be glad to trim tops back to any desired length to further save on shipping costs, which would be advisable in case the plants are to be potted for growing on.

About Ordering

All orders, including C.O.D.'s, must be accompanied with a one-fourth deposit on same. Our digging time on roses is generally the latter part of October depending on the moisture content of the soil. We will be glad to book orders ahead for fall or spring shipment; the fact is, we can hold roses dormant till the first of May, if necessary. Order early to insure best selection of varieties. Give second choice where possible.

Shipping

We will ship express unless otherwise advised. The approximate cost per 100 lbs., taking a cross section of the nation is as follows: Seattle, Wash., \$2.36—Medford, Ore., \$3.41—Spokane, Wash., \$3.35—San Francisco, Calif., \$4.50—Denver, Colo., \$6.65—Minneapolis, Minn., \$7.97—Milwaukee, Wis., \$9.12—Chicago, Ill., \$9.29—St. Louis, Mo., \$9.29—Detroit, Mich., \$10.11—Cincinnati, O., \$10.28—Cleveland, O., \$10.40—Washington, D.C., \$11.39—Philadelphia, Pa., \$11.51—New York City, \$11.76—Boston, Mass., \$11.88—New Orleans, La., \$10.89—Miami, Fla., \$12.62—El Paso, Tex., \$8.30—Salt Lake City, \$5.00—Los Angeles, Calif., \$5.66—San Diego, Calif., \$6.15.

Claims

Claims for damage, shortage, or variance in grade must be made within ten days after shipment has been received.

ROSES

Two-year, field grown, non-irrigated budded on Japanese Multiflora. Well-rooted, dormant and properly defoliaged. Following prices in lots of ten of a kind and grade. Where split lots are ordered please add 5c per plant.
